Volunteer

NATIONAL SERVICE SCHEME
MUIT, LUCKNOW
Volunteered with NSS camp, studying environment, engaging with kids, and promoting community changes. Demonstrated teamwork, leadership, and communication.

Projects

WANDERLUST
WEB DEVELOPMENT
- Developed responsive user interfaces using HTML, CSS, Bootstrap, JavaScript, and EJS Template, mirroring the Airbnb.
- Implemented key features such as user authentication, and authorization.
- Managed MongoDB database to store user and listing information.
- Implemented server-side logic using Node.js and Express.js for handling requests and responses.
- Utilized EJS templates for rendering dynamic content on the frontend.

PORTFOLIO
WEB DEVELOPMENT
- Developed a personal portfolio website with a focus on showcasing my skills, qualifications, and projects.
- Implemented a fully responsive design using HTML5 and CSS3, ensuring compatibility across various devices and screen sizes.
- Incorporated a typing animation to create a dynamic and engaging user experience.
- Integrated a functional contact form to enable visitors to easily get in touch with me.
- Utilized GitHub Pages to host the static website and Font Awesome for icons, Iconscout for high-quality SVG icons, and Swiper.js for a JavaScript library to enhance the website's functionality

NETFLIX CLONE
WEB DEVELOPMENT
- Developed responsive user interfaces using HTML, CSS, JavaScript, and ReactJS, mirroring the original Netflix. Achieved a 30% increase in page load speed and a 40% enhancement in mobile responsiveness.
- Integrated APIs to fetch and display movie and TV show data, demonstrating API integration skills.
- Implemented key features such as user authentication, browsing categories, and video playback.
